Every Hour Counts

About Manchester United Foundation

Manchester United Foundation uses football to engage and inspire young people to build a better life for themselves and unite the communities in which they live.

Dedicated staff deliver football coaching, educational programmes and personal development, providing young people with opportunities to change their lives for the better.

Manchester United Foundation's unique volunteering programme

Aimed at 16–21 year-olds who are interested in pursuing a career in sport, Volunteer NinetyNine is designed to provide training, nationally recognised qualifications and work experience, never to be forgotten.

Every hour counts as participants are encouraged to achieve milestones of 33, 66 and 99 hours of volunteering. They are encouraged to build up their hours at various projects such as Street Reds, the Foundation's flagship community engagement programme, where young people can take part in football, multi-sports activity and a programme of social education.

Manchester United Foundation coaches mentor the volunteers through the three levels, which represent the FA Cup, Premier League and Champions League trophies, to emulate the success of our Treble winning heroes.

Why volunteer?

- Volunteering is a fantastic way to learn new skills, develop self-confidence and gain valuable work experience.
- Volunteering is a great opportunity to meet new friends who share similar interests to you.
- It's fun, you will have a great time being part of something amazing that gives back to the community and helps young people broaden their horizons.
