

NFC TICKET INFORMATION

Stadium tickets now use NFC technology – there are no QR codes or barcodes. Simply download your tickets for each game to your mobile wallet ahead of matchday

- Go to the MU app and log in using the same details you used to purchase your hospitality.
- Select 'My United' then 'My Tickets'.
- If you are an iPhone user you can now add your tickets to your Apple Wallet.

Important notes for Android users

- Make sure your NFC settings are switched ON in your phone Settings.
- Add your tickets to your Google wallet
- If you are a Samsung user, make sure that your Google wallet is set as your default wallet in Settings > Apps > Default Apps > Tap & Pay

✗ If you see a message on your ticket which says “This is an NFC ticket” or “Turn on NFC” this means your settings are NOT switched on

✓ If you see a contactless NFC icon, your tickets are ready to be scanned on matchday

How to scan your ticket:

On matchday, open your ticket from your **Apple wallet** or **Google wallet** and tap the **BACK** of your phone onto the scanner as you enter the stadium, the same as you would as if you paid with your phone at a shop.

Sharing tickets with guests:

You can forward tickets to guests within the app with just a few clicks so they can download their own tickets for independent entry. We have a range of handy video guides, [here](#).

FAQs AND FURTHER ASSISTANCE

Please see our Help Pages for frequently asked questions including dietary requirements, special requests and more.

If you can't find what you're looking for please email executive.support@manutd.co.uk or call 0161 676 7770 where a member of the team would be happy to help.
